DESKTOP BUSINESS
PRINTING IS EASY AS 1-2-3

The ultra-reliable desktop laser printer with professional performance

For individual business users and smaller workgroups who need their own dedicated laser printer, the Gestetner BP20 and the network ready BP20N are the ultra-reliable choice. These fast, affordable, black and white laser printers allow users to print high-quality business documents quickly, privately and on-demand, providing both confidentiality and improved productivity. Built to deliver maximum reliability with minimum attention, they give you the freedom to focus on your everyday business activities.

These outstanding printers will accelerate everyone's workflow. The BP20 offers instant desktop laser printing for individuals, while the BP20N provides quick and easy network printing for small workgroups. The immediate benefits of outstanding quality and versatile paper handling will enable you to print professional looking documents effortlessly.

You can depend on the compact and reliable BP20 and BP20N to deliver the ultimate in affordable, trouble-free laser printing for all your business needs.

Gestetner's unique approach, links people with knowledge and expertise, combining our wide experience of innovative, document related Products and Software Solutions with our world class Business and Professional Services to deliver the best Total Document Solutions for your business.

High-quality documents on a wide range of paper types and sizes

Compact, space-saving design fits easily into your office environment

The optional 250-sheet Paper Tray increases capacity to 550 sheets for continuous printing

Professional performance on-demand

Having the convenience of your own desktop laser printer doesn't mean you have to compromise on speed or quality. The BP20 and the network ready BP20N deliver crisp, sharp black and white prints at an impressive 20 pages per minute, with the first page out in just 10 seconds or less, so there's no waiting when printing professional looking documents. Plus, there's a fast and efficient processor and the flexibility to extend the printer's memory, giving you the power and extra capacity you need to print larger more complex files without delay. The result is fast black and white laser printing 'on-demand', ideal for individuals and smaller workgroups seeking to prioritize their projects and improve their document workflow.

Trouble-free and exceptionally easy to use

The robust design of the BP20 and BP20N combines built-in convenience with trouble-free printing, delivering the ultimate in reliability.

These printers require minimum user attention. With an easy-swap 'All-in-One' cartridge and a 550 sheet maximum paper capacity, they give you more productive printing time between refills. Simple driver software and an intuitive control panel, make these printers as easy to use as they are to manage. This unique blend of reliability and user-friendliness leaves you free to concentrate on other business activities, confident that the Gestetner BP20 or BP20N will take care of your printing needs.

Outstanding quality printing on your choice of paper

True 1,200dpi resolution ensures professional quality black and white laser printing results every time. Both the BP20 and BP20N can handle a wide variety of paper and envelope sizes, plus thicker weights and cardstocks. Now you can create a range of high-quality business documents, including confidential reports, invoices, contracts and emails, to exactly suit your business life.

Easy to install, easy to locate

The BP20 provides instant laser printing for individual business users via direct desktop connection to their PC. The network ready BP20N has built-in Ethernet networking for fast and simple installation to all major business environments. Lightweight and compact, these space-saving printers fit in perfectly just about anywhere and can be installed, ready to boost everyone's productivity in next to no time.

Outstanding Software and Services

Complementing the BP20 and BP20N, Gestetner offers a superb range of Software Solutions and Services, which are designed to add value and ensure that our devices continue to operate seamlessly and reliably. Covering all aspects of your business, including document management, network control, consultancy, training and unrivalled support, these innovative products and services offer a tailor made solution to improve productivity, workflow efficiency and cost control throughout your organization.

Aficio™
